Whether you are a company with 10 employees or hundreds, human resources can be overwhelming. As technology evolves, there are many opportunities in HR that will simplify the process for you and even make the experience a better benefit for your employees.

There are many obstacles in HR:

- Compliance issues
- Poor reporting
- No employee access
- Too much data w/too little time

Technology exists to help you. This session is free. Why not come to learn about options that are available and offer:

- More focus on benefits to individuals
- Access via web, tablet and phone
- Elimination of obstacles for you and your employees.

This session presented by:

Lawley
